Chapter: Chapter 01 – Test Bank

Multiple Choice

1. A single entity owning and operating all of the segments providing health care, including preventive services, specialized and primary ambulatory care, acute care, subacute care, long-term care, home health care, as well as a health plan, is an example of which of the following?

- A) Horizontal integration
- B) Vertical integration
- C) Diagonal integration
- D) Upward integration

Ans: B

Complexity: Easy

Ahead: The Healthcare Industry

Subject: Chapter 1

Title: Overview and History of Organizational Behavior

Taxonomy: Remember

2. The _____ is the bias that occurs when people know they are being studied.

- A) Mayo Effect
- B) Roethlisberger Effect
- C) Hawthorne Effect
- D) McGregor Effect

Ans: C

Complexity: Easy

Ahead: The Hawthorne Studies

Subject: Chapter 1

Title: Overview and History of Organizational Behavior

Taxonomy: Remember

3. Which of the following is *not* one of the three main goals of organizational behavior described in the chapter?

- A) Explain why individuals and groups behave as they do.
- B) Predict how people will behave in organizations.
- C) Provide tools for managers to influence behavior.

D) Eliminate all conflict from organizations.

Ans: D

Complexity: Easy

Ahead: Overview

Subject: Chapter 1

Title: Overview and History of Organizational Behavior

Taxonomy: Understand

4. Which major trend is *not* cited in the chapter as significantly affecting the healthcare industry?

A) Aging and more diverse patients and workers

B) Expansion of telemedicine and artificial intelligence

C) Declining interest in evidence-based medicine

D) Movement toward value-based payment

Ans: C

Complexity: Moderate

Ahead: The Healthcare Industry

Subject: Chapter 1

Title: Overview and History of Organizational Behavior

Taxonomy: Understand

5. A manager who believes employees must be closely controlled, directed, and motivated only by pay and job security is most accurately described as holding which assumptions?

A) Theory Y

B) Human relations

C) Theory X

D) Scientific management

Ans: C

Complexity: Easy

Ahead: Theories X and Y

Subject: Chapter 1

Title: Overview and History of Organizational Behavior

Taxonomy: Apply

6. Which field focuses on the design and structure of the entire organization and is considered a macro-level discipline?

A) Organizational behavior

B) Human resources management

C) Organizational development

D) Organization theory

Ans: D

Complexity: Easy

Ahead: Related Disciplines

Subject: Chapter 1

Title: Overview and History of Organizational Behavior

Taxonomy: Remember

7. Which definition best reflects how this chapter defines organizational behavior?

A) The study of financial performance in healthcare organizations

- B) The study of individual and group dynamics in organizational settings
- C) The analysis of the external environment surrounding organizations
- D) The set of human resources policies used to manage personnel

Ans: B

Complexity: Easy

Ahead: Overview

Subject: Chapter 1

Title: Overview and History of Organizational Behavior

Taxonomy: Remember

8. In the bank-wiring observation-room study, workers pressured “rate busters” (those who produced too much) to slow down. This finding illustrated the power of:

- A) individual incentives.
- B) formal job descriptions.
- C) informal group norms.
- D) strict managerial control.

Ans: C

Complexity: Moderate

Ahead: The Hawthorne Studies

Subject: Chapter 1

Title: Overview and History of Organizational Behavior

Taxonomy: Understand

9. Which of the following has evolved to meet the need for better technology and information infrastructure that allows for information sharing, patient care management, and cost control?

- A) Horizontal integration
- B) Vertical integration
- C) Diagonal integration
- D) Virtual integration

Ans: D

Complexity: Easy

Ahead: The Healthcare Industry

Subject: Chapter 1

Title: Overview and History of Organizational Behavior

Taxonomy: Remember

10. Which of the following emphasizes systems, processes, procedures, and so forth for personnel management and is usually housed in a functional unit within organizations?

- A) Human resources management
- B) Organization theory
- C) Organizational development
- D) Organizational behavior

Ans: A

Complexity: Easy

Ahead: Related Disciplines

Subject: Chapter 1

Title: Overview and History of Organizational Behavior

Taxonomy: Remember

11. The initial goal of the Hawthorne illumination experiments was to study the effects of which factor on worker productivity?

- A) Wage incentives
- B) Leadership style
- C) Lighting levels
- D) Team-based pay

Ans: C

Complexity: Easy

Ahead: The Hawthorne Studies

Subject: Chapter 1

Title: Overview and History of Organizational Behavior

Taxonomy: Remember

12. Which conclusion from the Hawthorne relay-assembly experiments most strongly influenced the field of organizational behavior?

- A) Productivity depends solely on physical working conditions.
- B) Social cohesion and interest from supervisors can strongly influence productivity.
- C) Piece-rate pay always increases output.
- D) Rest breaks reduce output and should be avoided.

Ans: B

Complexity: Moderate

Ahead: The Hawthorne Studies

Subject: Chapter 1

Title: Overview and History of Organizational Behavior

Taxonomy: Understand

13. Which statement best contrasts Theory X and Theory Y assumptions?

- A) Theory X assumes employees seek responsibility; Theory Y assumes they avoid it.
- B) Theory X assumes employees dislike work and must be coerced; Theory Y assumes employees are capable, seek responsibility, and are motivated by higher-level needs.
- C) Theory X focuses on groups; Theory Y focuses on individuals.
- D) Theory X is micro; Theory Y is macro.

Ans: B

Complexity: Easy

Ahead: Theories X and Y

Subject: Chapter 1

Title: Overview and History of Organizational Behavior

Taxonomy: Understand

14. Which statement best describes organizational development as presented in the chapter?

- A) A micro-level approach to individual attitudes
- B) A planned, organization-wide process of change to improve effectiveness
- C) A legal function ensuring compliance with employment law
- D) A financial strategy for cost control

Ans: B

Complexity: Moderate

Ahead: Related Disciplines

Subject: Chapter 1

Title: Overview and History of Organizational Behavior

Taxonomy: Remember

True/False

1. True or False? Organizational behavior is the study of individuals, groups, and organizations.

Ans: False

Complexity: Easy

Ahead: Overview

Subject: Chapter 1

Title: Overview and History of Organizational Behavior

Taxonomy: Understand

2. True or False? Scientific management was significant to the development of organizational behavior because it demonstrated the important influence of human factors on worker productivity.

Ans: False

Complexity: Moderate

Ahead: History of Organizational Behavior

Subject: Chapter 1

Title: Overview and History of Organizational Behavior

Taxonomy: Moderate

3. True or False? Virtual integration emphasizes coordination of services through patient-management agreements, provider incentives, and information systems rather than common ownership.

Ans: True

Complexity: Moderate

Ahead: The Healthcare Industry

Subject: Chapter 1

Title: Overview and History of Organizational Behavior

Taxonomy: Remember

4. True or False? Human resources management is primarily concerned with understanding and predicting human behavior in organizations, rather than with systems, procedures, and policies.

Ans: False

Complexity: Moderate

Short Answer

1. Define organizational behavior and list its three main goals as presented in the chapter. Briefly explain why these goals are especially important for healthcare managers.

Ans:

Complexity: Moderate

Ahead: Overview

Subject: Chapter 1

Title: Overview and History of Organizational Behavior

Taxonomy: Apply

2. Identify two major trends affecting today's healthcare industry (e.g., demographic changes, payment reforms, technological advances) and describe how each trend creates challenges that organizational behavior concepts can help address.

Ans:

Complexity: Moderate

Ahead: The Healthcare Industry

Subject: Chapter 1

Title: Overview and History of Organizational Behavior

Taxonomy: Analyze

3. Briefly describe the Hawthorne Effect and explain how one of the Hawthorne Studies (illumination, relay-assembly, bank-wiring, or interviewing program) contributed to our understanding of group dynamics at work.

Ans:

Complexity: Moderate

Ahead: The Hawthorne Studies

Subject: Chapter 1

Title: Overview and History of Organizational Behavior

Taxonomy: Analyze

4. Compare Theory X and Theory Y assumptions about employees. Then describe a specific healthcare management behavior (e.g., scheduling, supervision, performance evaluation) that would be consistent with each theory.

Ans:

Complexity: Moderate

Ahead: Theories X and Y

Subject: Chapter 1

Title: Overview and History of Organizational Behavior

Taxonomy: Analyze

5. Distinguish among organizational behavior, organization theory, organizational development, and human resources management in terms of (a) level of analysis (micro vs macro) and (b) primary focus.

Ans:

Complexity: Moderate

Ahead: Related Disciplines

Subject: Chapter 1

Title: Overview and History of Organizational Behavior

Taxonomy: Understand

Essay

1. A health system is transitioning from a collection of independent hospitals to a vertically and virtually integrated network. Using concepts from Chapter 1, analyze how organizational behavior can help managers address staff anxiety, new team structures, and changing roles. In your answer, reference at least one industry trend, one insight from the Hawthorne Studies, and one implication of Theory X/Y for leading this change.

Ans:

Complexity: Difficult

Ahead: The Healthcare Industry

Subject: Chapter 1

Title: Overview and History of Organizational Behavior

Taxonomy: Evaluate

2. Describe how a healthcare manager's Theory X or Theory Y assumptions could become a self-fulfilling prophecy in a nursing unit or clinic. Propose at least three specific behaviors the manager could adopt to

move from a Theory X to a Theory Y approach and explain how these behaviors might influence staff motivation and performance.

Ans:

Complexity: Difficult

Ahead: Theories X and Y

Subject: Chapter 1

Title: Overview and History of Organizational Behavior

Taxonomy: Evaluate

3. Drawing on the chapter's discussion of why managers fail and why organizational behavior (OB) is important in health care, write an essay explaining how knowledge of OB could help you succeed as a future healthcare leader. Address at least communication, teamwork, and handling change in your response.

Ans:

Complexity: Difficult
